INFORMATION DISCLOSURE STATEMENT

Applicants submit the references listed on the enclosed Form PTO-1449, and five copies of references marked with an asterisk.

A copy of a search report from a corresponding European application is also enclosed.

Submission of this statement is not a representation that a search has been made, nor is the inclusion of information in this statement an admission that the information is material to patentability.

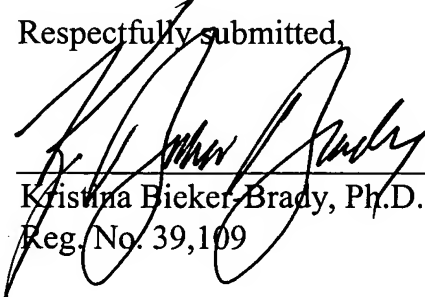

Under 35 U.S.C. § 120, this application relies on the earlier filing date of application serial number 09/689,575, which was filed on October 12, 2000.

The references listed on the enclosed PTO form 1449 were submitted to and/or cited by the Office in the prior application and, therefore, copies of these references are not provided for this application. However, the references marked with an asterisk were not previously cited, and copies are enclosed with the exception of U.S. Patent Nos. 5,252,701 and 6,303,148.

This statement is being filed after a first Office action on the merits, but before the mailing of a final Office action or a Notice of Allowance. A check for \$180.00 in payment of the late submission fee set forth in 37 C.F.R. § 1.17(p) is enclosed.

If there are any charges or any credits, please apply them to Deposit Account No. 03-2095.
